

# How To Add Stats 2.0 Service To Sitebuilder

This article provides instructions on how to add your Stats 2.0 service to your Website Builder hosting package.

- Step 1: Get the Stats 2.0 code that you will add to your Website Builder
- Step 2: Pasting the Stats 2.0 code into your Website Builder
- Step 3: Repeat step 2 (c through g) for each page in your Sitebuilder site.

## Step 1: Get the Stats 2.0 code that you will add to your Website Builder

- a) Log into CHI at chi.uk2.net
- b) Click on "Web Hosting"
- c) Click on "View stats"
- d) Under the site title, select "Preferences."

- e) Select Tracking code and copy this highlighted portion of the text

```
Tracking code

<script src="//www.stats2.com/js" type="text/javascript"></script>
<script type="text/javascript">try( stats2.instr(100654783); )catch(e){}</script>
<noscript><p></p></noscript>

</body>
</html>
```

## Step 2: Pasting the Stats 2.0 code into your Website Builder

- a) Log into CHI at chi.uk2.net
- b) Click on "SiteBuilder"
- c) Locate the "Content" section in the sidebar
- d) Scroll down to find the "Embed" option.
- e) Click and drag this over to a blank spot on your page.

- f) Select the cog icon (or double click) the area that you dragged the widget into.
- g) Delete everything in the text box and replace it with the tracking code.

**Step 3: Repeat step 2 (c through g) for each page in your Sitebuilder site.**
