

How To Buy A Shared Hosting Package in CHI

This article will assist you in purchasing a Shared Hosting service from within your UK2 CHI dashboard.

- Step 1: Log into your CHI dashboard at chi.uk2.net.
- Step 2: Click on the "Shared Hosting" symbol located on the sidebar on the left hand side of your screen.
- Step 3: If you do not have a shared hosting plan purchased on your CHI account, you will see the "Order New Shared Hosting" section.
- Step 4: Type in the domain name associated with your new hosting package and the click "Show all packages" button.
- Step 5: A list of various shared hosting plans will appear as options for your purchase. Choose the plan that best meets your needs and click "Buy".
- Step 6: You can then continue shopping, or locate "Your Cart" in the top right hand corner. From your cart click "Checkout".
- Step 7: Review your order and contact details to make sure that the information is correct.
- Step 8: Click "Use Credit" to use any credit from your account to cover the purchase cost.
- Step 9: Choose your Payment Method and fill in the corresponding information. Once completed, click "Checkout".
- Step 10: A final checkout window will appear giving you the chance to review your order.
