

# How to find Account ID

To find your account ID follow these steps:

Log into your CHI account at <https://chi.uk2.net/>

Once inside of your account, your account ID will be in the top right-hand corner.

The six-digit number found at the top of your screen is your account ID. You will need to provide this number along with the telephone support pin when contacting us for help.

If you do not know how to find your telephone support pin you can follow this guide here:

[How To Locate The Telephone Support PIN In CHI](#)
